I WOULD LIKE TO WELCOME YOU ALL TO THE 99TH CHARLES COUNTY FAIR

Please visit us in September with family, friends and neighbors as we jam pack the best 4 days of the summer at the Charles County Fair September 14-17, 2023. Nothing compares to the Charles County Fair, the Best Family Entertainment in Charles County. Both young and old will appreciate and enjoy the festive and social environment with daily entertainment, horse pulls, contests, shows, demonstrations, displays, foods and great offerings by a variety of fair vendors.

As Fair President, I have the privilege, honor and pleasure to invite everyone to not only come to the Charles County Fair but to experience participating in it. Please visit our Website (Charlescountyfair.com) for additional information on programs, entertainment, ticket sales and ride specials. Credit cards and cash will be accepted at our gates. On behalf of my fellow directors and volunteers of this nonprofit 501(c)3 corporation, we encourage you all to participate as exhibitors this year and hope that the fair catalog will assist you in highlighting your best talents and skills by placing entries in this year's fair.

The Fair would like to thank all those dedicated fair volunteers and members who have made our Fair possible over the past 99 years. I hope that you may one day come and help with this all-volunteer endeavour. I also thank those volunteering at the fair through other volunteer organizations as well. Organizations like the Agricultural Fair Board, Maryland Association of Agricultural Fairs and Shows, Cooperative Extension, Farm Bureau, Soil Conservation, 4-H and many MDA departments. Without all of our volunteers, the Fair could not provide the many programs and events to you or our community throughout the year.

To our local Business supporters thank you for making this fair better to serve its community whether it was as a fair sponsor, vendor, advertiser, donator or contributor. We thank our US Military and Law Enforcement Agencies who provide for our continued freedom and protection
THANK YOU!

Next year marks our 100th Anniversary. As we start to prepare for our centennial, 100 years of community service and education, we are asking fair patrons for your historical information, pictures, stories, awards and any past related knowledge that we can include in our upcoming celebration. Remember to like us on Facebook and Twitter. Please join us this September 14-17 where the Charles County Fair as it has done for 99 years provides the best family entertainment. Remember to save time and money by riding the Fair shuttle bus, with stops located behind the Courthouse in La Plata.

APPRECIATION to the MARYLAND AGRICULTURAL FAIR BOARD

Thank you, Maryland Agricultural Fair Board for your grant of funds, to be used solely for the payment of expenditures for approved agricultural related premiums, ribbons and trophies. We are most appreciative of this generous support. Without this, we would not be able to reward our exhibitors at the level proposed in this catalog.

Due to proposed Maryland budgetary constraints that are beyond the control of the Fair Board, Inc., the Board reserves the right to withhold a portion of premium monies, up to and including all of an exhibitors earned premium payment, for the 2023 4-H/FFA Fair.

GENERAL REQUIREMENTS FOR EXHIBITORS OF ALL ANIMAL SPECIES (COMAR 15.11.14.04-06)

Exhibitors at state, county, and district fairs, along with other livestock exhibitions, expositions, and shows are required to comply with regulatory provisions of the State of Maryland relating to animal health as noted in COMAR 15.11.14.04-06. These general requirements are summarized below. Requirements Apply to All Livestock and Poultry: Livestock is defined as those species of animals used for human food or fiber or those species of animals used for service to humans. This includes but is not limited to cattle, sheep, new world camelids (llamas, alpacas, vicunas, and guanacos), goats, bison, privately owned cervids, swine, equine, and rabbits. Livestock does not include dogs, cats and exotic pets. Poultry is defined as any living domestic bird raised for food or other purposes including, but not limited to, chicken, turkeys, ostriches, emus, rheas, cassowaries, any other ratite, waterfowl and game birds.

ANIMAL REJECTION POLICY

Animals may be rejected from an exhibition, either denied entry or removed from the exhibition, as described below:

- a. FAILURE TO PROVIDE COMPLETED DOCUMENTATION IS GROUNDS FOR REJECTION.
- b. A SKIN LESION SUSPICIOUS OF RINGWORM TO BE CONSIDERED NO LONGER CONTAGIOUS TO OTHER ANIMALS OR PEOPLE, NEW WOOL OR HAIR MUST COMPLETELY COVER THAT LESION.
- c. Livestock with clinical signs of infectious or contagious diseases or external parasites are not permitted entry or allowed to remain at the exhibition. Clinical signs include but are not limited to: active lesions of ringworm with resulting loss of hair, sore mouth, sore nose, caseous lymphadenitis, prolapse, mange or multiple warts easily visible without close examination.
- d. Suspicion of communicable disease is adequate grounds for rejection. Confirmed diagnosis is not required, since timely removal of suspicious animals is required by law to protect the remaining animals.
- e. Exposed animals may be rejected: If it is believed that there is a potentially serious communicable disease present, all animals originating with the suspect animal may be rejected. Vesicular diseases are of particular concern.
- f. All decisions are final.
- g. All parties involved will be notified of all rejections, including exhibit sponsors and supervisors.
- h. Animal rejections can be made by MDA Animal Health veterinarians or field inspectors, private veterinarians contracted by the show, Maryland Extension employees or individuals designated by the fair or show as a 'responsible person.'

WELCOME TO CHARLES COUNTY 4-H

The Charles County 4-H program is for boys and girls ages 8-18. Younger children may participate in our non-competitive Clover program for ages 5-7. All ages are as of January 1 of the current year. 4-H programs have exciting club and special interest programs, activities, and events that support learning by doing.

4-H PLEDGE

I pledge my HEAD to clearer thinking, my HEART to greater loyalty,
my HANDS to larger service, and my HEALTH to better living,
for my club, my community, my country, and my world.

4-H MOTTO

"To Make the Best Better" "Learn by Doing"

4-H COLORS

GREEN AND WHITE — Green represents life, spring-time and youth. White symbolizes purity.

THE 4-H MISSION

The goal of 4-H is to help youth learn everyday living skills through planned "learning by doing" experiences. 4-H offers many project areas but the current focus is on three main mission areas: SET (Science, Engineering, & Technology), Healthy Living, and Citizenship. While helping youth grow and develop, adult volunteers also develop as individuals.

4-H is one of the educational programs of the University of Maryland Extension. 4-H is:

- Informal and out of school
- Organized and directed by volunteer community leaders
- Composed of clubs and small groups of 5 or more members and is family-oriented
- Supervised by professional staff

4-H projects allow youth to learn skills and grow as individuals:

- Projects are developed at the University of Maryland and other land grant universities throughout the country
- Project groups promote skill development, teamwork and social development

The 4-H club is guided by volunteers who work with professional Extension staff:

- Volunteers may teach projects
- Some volunteers organize the club and are responsible for the educational programs
- Other volunteers provide support for the total program
- 4-H educators teach volunteers to perform their roles

4-H is publicly supported by county, state and federal governments. Private resources, both human and material, are used to enrich the learning experiences of youth and adults.

ESSENTIAL ELEMENTS OF YOUTH DEVELOPMENT

There are eight essential elements that define a 4-H Youth Development program. These elements fit into four basic ideals that yield positive outcomes in youth, adults and communities. They are:

- Independence** — Youth need to know they are able to influence people and events through decision-making and action.
- Belonging** — Current research emphasizes the importance for youth to have opportunities for long-term consistent relationships with adults other than parents. This research suggests that belonging may be the single, most powerful, positive ingredient we can add to the lives of youth.
- Generosity** — Youth need to feel their lives have meaning and purpose. By participating in 4-H community service and citizenship activities, youth can connect to communities and learn to give back to others.
- Mastery** — In order to develop self-confidence, youth need to feel and believe they are capable and must experience success at solving problems and meeting challenges.

The 4-H PROJECT

The project is the foundation for learning experiences. Projects are designed so individuals can progress at their own pace through learning opportunities. With the guidance of parents, volunteers or teen leaders, knowledge is applied to practical life experiences. Projects put the hands and mind to work. Most projects have been designed with several levels so that a member may advance to more difficult and challenging experiences.

The three core subject areas include Animal Sciences, Environmental Sciences/Natural Resources, and Human Sciences.

HOW TO BECOME INVOLVED IN 4-H

4-H'ers live in every part of the county from Nanjemoy to Hughesville and Waldorf to Cobb Island, on farms, in rural areas and in towns. Girls and boys ages 8-18 are eligible. Children ages 5-7 may participate in the 4-H Clover program. To learn more about 4-H while at the fair, stop by the 4-H Building. Sign up to attend one of our 4-H Information Nights which will be offered this fall.

THE 4-H CLUB

The 4-H Club offers "learning by doing" experiences to practice skills in subject matter, teamwork, leadership, and citizenship. Subject matter skills come through project work in small groups, at the club meeting, at home and in the community. Teamwork is learned through planning and implementing activities such as community service or fund-raising projects. Leadership and citizenship skills are learned through serving as an officer or a committee member.

Community Club — Usually organized in a small geographic area for traveling convenience of those attending meetings. The club meets throughout the year under the direction of volunteer leaders. Its officers

include a president, vice president, secretary, treasurer and reporter. Members, parents, and volunteer leaders determine what the annual club calendar will include, such as monthly meetings, project group meetings, special activities, community service projects and county activities.

Special Interest, Activity & Project Clubs — Their main focus is on a particular project area, such as dog, rabbit, or shooting sports — archery, shotgun, and air rifle. Depending on the particular club, they may meet throughout the year just as a community club or they may only meet for a specific number of times at a certain time of the year.

BECOME A CHARLES COUNTY 4-H VOLUNTEER

Share your knowledge, time, and talents with young people, our future leaders. One strength of 4-H is the personal touch that volunteers contribute to the lives of young people. Volunteers, who work directly with youth or support the program in hundreds of other ways, create immeasurable impacts. The volunteer leader's influence in 4-H is often not realized for many years, but is ultimately recognized by the 4-H'er. There are many opportunities to volunteer in 4-H. You can travel, make new friends, learn new subject-matter skills, develop organizational and leadership skills and become recognized as an influential community leader.
